Make a bold statement

Each shingle displays an individual blend of color tones. Together, the stone-like colors are reminiscent of the natural variations of premium slate.

Crowne Slate

LIMITED LIFETIME ARCHITECTURAL SHINGLES

With stately charm and stand-out curb appeal, IKO's Crowne Slate top-of-the-line laminated fiberglass shingles are fit for the most exclusive properties. A natural slate-like look with precision-engineered roofing materials, creating an exceptional and long-lasting roof.

The industry's most advanced technology. Crowne Slate is built with layers of premium roofing material, saturated and stabilized with SBS modified bitumen. This rubberized material is resistant to hail, wind and extreme heat, providing your home with the protection it needs to become your legacy.

- Your neighbors will envy the head-turning look of Crowne Slate. They don't need to know it costs substantially less than real slate.
- Protects against wind uplift and water penetration.
- So strong it has a UL 2218 Class 4 Impact Resistant rating.*
- 15-Year IKO Iron Clad Protection¹
- Covered by a Limited Lifetime Warranty¹
- Meets IRC wind code requirements with a Limited Wind Warranty coverage up to 110 mph (177 km/h)¹
- Limited High Wind Warranty Upgrade of 130 mph (210 km/h).^{1,2}

Selecting a Color For Your Roof

To ensure complete satisfaction, please make your final color selection from several full size shingles and view a sample of the product installed on a home. Be sure to look at the color samples of all materials in natural sunlight, at different times of day to ensure that your color choices are complementary. Colors shown in printed materials may not be accurate, and color chips do not reflect the dramatic color blends of the full shingle.

Shingles alone are sometimes not enough to protect your home. IKO has developed a superior multi-layered roofing system incorporating our industry-leading products. **IKO's Pro 4 Roofing System is setting the standard in protecting your home.**

IKO's Shingles
Crowne Slate, Armourshake, Royal Estate, Cambridge AR and Marathon shingles are created using the industry's most advanced technology and selected by consumers who demand the best in terms of quality, durability and value. Along with one of IKO's quality shingles, your Pro 4 System includes these accessory products;

1. Eave Protection
GoldShield, ArmourGard, or StormShield Ice & Water Protectors
IKO's Ice & Water Protectors provide a second line of defense against water penetration due to ice dams or wind-driven rain and the costly damage it can cause. This product is also strongly recommended for sealing around vents, low pitch areas, ridges, hips, rake edges, chimneys, dormers, vent stacks, and skylights.

2. Underlayment
RoofGard-Cool Grey Underlayment
Use one of our innovative RoofGard-Cool Grey synthetic underlayment for total deck protection.

3. Roof Starters
Leading Edge Plus Starter Strips
Fast, easy and convenient. IKO's Starter Strips are already cut to size saving valuable time during the installation of the first course of shingles. Compatible with all existing IKO Shingles, Leading Edge Plus includes a sealant strip at the bottom edge allowing for a tight seal.

4. Ridge Cap Shingles
Hip and Ridge, Hip & Ridge Plus, Hip & Ridge 12 Cap Shingles or Ultra HP™ High Profile Ridge Cap Shingles
Ridge cap shingles are required where roof planes meet, and provide additional protection along these high stress areas of the roof, enhancing your home's aesthetic appeal by accentuating the roof line.

Shingle Swatches shown are as accurate as modern printing processes allow. Shingle chips shown do not fully represent the entire color blend range of the shingles. To ensure complete satisfaction please make your final color selection from several full size shingles and view a sample of the product installed on a home.
